How we started...

Chicks with Sticks was started in 2016 by Marj Wood, Carla Lundman, Irene Montgomery, Debbie White and Yvonne Chaperon. They collectively noticed that there was a niche for a ladies-only golf tournament that would be in support of local charities in our community.

In our first six years, the Chicks with Sticks fundraising events have raised over **\$152,000.00** for local Kelowna charities!

This fantastic and fun annual golf tournament (held at the Black Mountain Golf Course) is volunteer-run with eight board members. With the generous support of donations from businesses and individuals, our success is a reflection of how passionate we are in regards to Foundry Kelowna this year and their advocacy for mental health.

Funds from the 2023 Chicks with Sticks Charity Golf Tournament will be directed to Youth Navigation at Foundry Kelowna.

Youth Navigators are vital in connecting young people to the right help at the right time. They are trusted individuals who work directly with young people to identify their individual needs and assist in building social and life skills so they can thrive. Youth Navigators provide obstacle-free access to the resources, services and care to navigate life's large and small challenges. Whether it's treatment for depression, anxiety, or problematic substance use; a family doctor they trust; connections to employment, housing, or educational supports; peers who can help destigmatize their experiences; or faster access to more specialized psychiatric care. We continue to see high demand for this service, which is why we are expanding and offering it as part of Foundry Kelowna's Wellness on Wheels.

Your support means that youth throughout the Central Okanagan will have access to Youth Navigation as part of Foundry Kelowna's Wellness on Wheels.
